Enclosing Proposal
of Adams Express
Co for transporting
New bent Corn.

March 7, 1857.

March 7th 7.

Sir,

Referring to my Communication of 6. day
respecting the new Cent Law, I have also to submit
to your Consideration an offer made by "The
Adams Express Company" to transport the new
spines.

The Copper Cent has heretofore been delivered
by them at different parts of the United States
with great regularity, and without any loss
or accidents. The terms now proposed are at
about two-thirds the rates heretofore paid, and they
include an insurance on each parcel, which
was not heretofore given.

I propose, with your sanction, to
employ the agency of the above named Company,
and to pay such rates as may be reasonable,
having regard to the distance and means of
transportation, keeping within the price stated in

their offer. The arrangement to be subject to any
modifications we may hereafter propose as to the
date to be charged, and the amounts to be
carried and delivered.

I have the honor to be,

With great respect,

Your faithful servant,

Samuel Ross Bowdler,
Director of the mint.

Hon. Howell Cobb,

Secretary of the Treasury
Washington City.

Dr Sir

Will you
have the goodness to inform
me whether you receive Cents
of the old Coinage in Exchange
for those of the New?

Hitherto I have been
able to dispose of the large
surplus, which is always
accumulating, to our R. Roads
for change, but they are now
getting the new Coinage &
decline taking from me -

I shall feel greatly obliged
if you will inform me if I can
make an exchange, and on what
terms - very Respectfully
Your Obt. Servt.

Order respecting
Workmen

March 9. 1857.

March 9th 7.

Dear Sir,

In consequence of the illness of the foreman in the painting room, Mr. John Threlk, and the additional work which will be occasioned by the preparation of Cent insets, the following arrangement of the persons employed in the Painting room will be made, - for the present, and unless otherwise directed.

1. As the business of painting is small, and will only require work for a few days in each month, the person in the painting room will also perform the work of cleaning the new Cent. slanchets, after being arranged by the Chief Coiner.
2. John Pater or his foreman will superintend the cleaning of the Cent. slanchets. The workmen under him are to be, John Threlk, Thomas Simpson, and George Thornton.
3. When there is a sufficient amount of work

on hand & in spirit, George Sumner is in
charge of the premises, & the work, and the
men before mentioned, who have been
and mention's with the transport from the
Court charging room to the parking room, and
the work is in spirit and full ready for putting
4. George Sumner, in addition to his duties in
the parking room, will have charge of the
Coopering which may be required, and
all such other work as he may be directed
to ^{perform} by the proper officers.

Very Respectfully

Yours obt. servant,

James Rose Chandler

June 22. 1857,

Boston March 10th 1857

Hon. Howell Cobb
Secretary of the Treasury, Washington D.C.

Respected Sir

I had the honor
of addressing the department under
date of Jan 26th to which letter I beg
your attention. - On behalf the United
States Agricultural Society application
was made to the Mint at Philadelphia
to have made some medals to award
as premiums.

The overseer of same stated that
congress has passed an act forbidding
the various mints to make medals &c.
Now if this is strictly carried out we
must get them made in England or
France. No other means are to be had,
or persons engaged in the business.
Will you be kind enough to inform me
if the regulation is adhered to in all cases,
& if not, can we have the privilege which
has always been heretofore been granted?

Boston March 10. 57
Pres. Agricultural
Society of Boston asking
to have Medals struck
at the Mint.

Phila March 7/57

Hon: Howell Cobb
Secretary of the Treasury
Washington City D.C.

Sir

The Franklin Institute of the State of Pennsylvania for the promotion of the Mechanic Arts, awarded at their last. Exhibition of American Manufactures a number of Medals as premiums—

For many years, under the liberal permission of the Government, such Medals have been struck at the Mint of the United States and paid for by the Institute — The Director of the Mint has no objection to continuing the service, indeed is desirous to do so, but is restrained until he can have the usual official sanction.

May I ask on behalf of the Institute that an official permission be issued from the Treasury Department which will enable it to obtain its Medals as heretofore

I am,

Very respectfully, Your Obedt Servt

John C. Messon p^{res} dr

Philad^a 11 Mar. 1857.

Dear Sir,

I send to your address, this day, by the Adams Express Company, some specimens of Iridosmine, for which you asked in your favor of the 4th inst. The Melt-er and Refiner furnishes me with the following memorandum in relation to their history, &c.

No. 1 - 35.70 ounces fine Iridosmine, obtained from several deposits of Oregon gold, by dissolving out the gold and platinum with nitro-muriatic acid.

No. 2 - 2.95 ounces, obtained by allowing it to subside in the melted gold, and then dissolving out the balance of gold by nitro-muriatic acid.

No. 3. - 3.50 ounces, obtained as above by settling in melted gold, and solution of the gold, and then by sifting through a coarse sieve. The finer portions sifted out have been sold by the Mint. - The two last lots are from California.

We have more iridium on hand, but as it is derived from various sources and is mixed it would probably be unsuited for your purpose, as you would desire to know the locality from which it was received.

I enclose a memorandum of the amount due for this iridium, at the prices usually received by us.

With great respect

Dr. A. D. Bache }

New York City

March 11, 7.

- Sir,

I send to your address, this day, by the Adams Express Company, some specimens of Lidoamine, for which you asked in your favor of the 4th inst. The latter Refiner furnishes me with the following memorandum in relation to their history, &c.

N^o 1 - 35.75 ounces fine Lidoamine ~~from~~
~~small~~ deposits of Oregon gold, by dissolving out the
gold and platinum with nitro-muriatic acid.

N^o 2 - 2.95 ounces, obtained by allowing it to subside
in the melted gold, and then dissolving out the balance
of gold by Nitro-muriatic acid

N^o 3 - 3.50 ounces, obtained as above by settling in
melted gold, and solution of the gold, and then by
filtering through a coarse sieve. The finer portions sifted
it have been sold by the Mint. The two last lots are
from California.

A. A. Bache

•

0.50

4.42

3.50

•

2.50

0.75

42.87

Note of the Iridosmine
delivered to the Treasurer

1. A lot of 35.70 oz. Fine Iridosmine, obtained from several deposits of Oregon gold, by dissolving out the Gold & Platinum with Nitromuriatic acid.

2. A lot of ^{Iridosmine} ~~Iridosmine~~, unsifted, 2.95 oz. obtained by allowing it to subside in the melted gold, & then dissolving out the balance of gold by nitromuriatic acid.

3. A lot of Iridosmine, 3.50 oz. obtained as above, by settling in melted gold, & solution of the gold, & then by sifting through a coarse sieve. The finer portions, sifted out, have been sold by the Mint.

I would advise only sending the above three lots, as being of unquestionable origin, whereas the lot held by the Treasurer has been obtained in exchange for good California Iridosmine. The object being scientific, each lot should be kept separate. More of the California may be obtained from the Assay Office ^{at L B}

Sent for Pennies

March 19, 1857.

March 18. 7.

Sir,

In reply to your favor of the
12th inst. I have to state that the
draft you refer to was duly received
and placed in the hands of the Treasurer
of the Mint with instructions to
forward you the proceeds in bank.
About this time the Coinage Act
became a law and the coinage
of Copper cents ceased. In a short
time the Mint will be prepared
to issue the New cent coin,
when the proceeds of your draft
will be forwarded to you in the
New coin, unless other instructions
are in the meantime received from
you.

Very respectfully,

James H. Thompson
Director of the Mint.

Henry A. Sherman Esq.,
President Bank of Racine,
Racine, Wis.

To the Mint of U States Phila-

The bullion forwarded with this is a specimen of metal of which we wish to send large amounts to the mint. & we wish to know whether it is in an acceptable condition or not from its purity in silver. If not be pleased to let us know, what amount of the precious metals it contains, & what process will purify it sufficiently for the uses of coinage -

Yrs Resp G M Stone

to the officers of the
U States mint
Philadelphia

March 2, 71

Sir,

Your letter of the 24th ult. enclosing eight
Ans of Metal was duly received. The following is
the result of an assay of three of the bars referred to:
viz.

One contains Silver at the rate of 75 grs. to the lb. of alloy

a second 31½ grs. to the lb.

a third 36½ " " " "

The reason of the want of uniformity does not appear.

Alloys of this kind are not received at
the Mint. The Silver must be free from lead, or
nearly so.

I am, very respectfully,

J. R. Anderson,

Director of the Mint

J. B. Allen Esq,
New York.

P.S. Shall I return the metal
by Express?

U. S. Assay Office, New York,

Treasurer's Department.

March 12 1857

Sir

Your letter of the 10th inst. was duly received.

Also this day, by the Adams Express Company
One hundred & Sixty Six Thousand, and Sixteen dollars
and $\frac{36}{100}$ in gold coins, on A/C of invoices N° 88 and
90.

In view of the very small quantity of coins
now on hand, embraced in the Bullion Fund, and
the arrival of a steamer from California, daily
expected, it is desirable that the payment in
double eagles, for Bullion now in your hands,
should be made as soon as possible.

Very Respectfully Yours

Daniel Sturgeon Esq
Treas. U.S. Mint

Sir,

I have this day placed in the hands of the Adams Express company for collection in foreign Dep't. 874's for twenty five thousand dollars, payable in Great Britain, of which we are now much in need.

In order to be able to answer the incessant inquiry, here upon the subject; I would be glad to hear from you, if not too much troubled, when the new cert can will be issued and ready for distribution.

Very respectfully

Yrs &c.

T. L. Smith, Esq

1st Auditor

Washington

Mar 17/57

Mint of the United States

Philad^a 17 Mar. 1857.

Sir,

I transmit to your address, this day, two boxes marked C & D, containing the accounts and vouchers for the Branch Mint, Cal^f: of the 2nd Quarter 1856. Their investigation here has involved unusual trouble, in consequence of the adoption by the Treasurer of a new system in relation to the deposits received for assay and return in unparted bars. In a pencil note to the statement (marked C) relative to the deposits for unparted bars reference is made, for explanation, to a letter from the Treas^r: to the Supt^t: at the Branch Mint, dated July 22^d: 1856; but no such letter can be found among the accounts, nor in the correspondence, received by me; and I am satisfied it could not have been sent. An investigation of the accounts themselves for a long time threw no light on the subject; but I believe the clue to the system has at last been discovered, and will soon be explained.

Preliminary to this explanation I would remind you of the plan heretofore adopted in accounting for these deposits, on the instructions from this office.

The Treasurer has been directed to charge running with the standard weight and value of the deposits thus received for bars: the dollar accounts being Gold Bullion for the Gold, and Silver Bullion for the Sil.

or contained therein. From the bullion thus received assay slips are cut, and the fineness of the bar thus determined. The weight of the bar, after deducting the assay slip, is stamped on the bar, and also the value of the gold & silver contained, as determined from this weight and the fineness. The bars thus made and stamped are classed as coinage, and are delivered for the payment of the deposits. Gold & Silver Bullion are credited with the value and Gold Coinage charged, for these bars. The assay slips, of course, still remain with the Treasurer and continue charged to him as bullion in the deposits for bars unaccounted for. These slips are deposited by the Treasurer for coinage and the proceeds realized; Gold Coinage is charged therewith & Bullion credited. and as it is not probable that the bars and proceeds of assay slips will exactly compensate for the total value of the bullion received for assay, Profit & Loss and Silver P. Loss are charged with any deficiency, or credited with any gain, which sometimes happens, from conjectural causes.

Such has been the plan heretofore substantially adopted in the accounts for the quarters preceding that now forwarded to you. In place of it the Treasurer appears to have substituted the following system.

Instead of charging himself with the weight after melting of the deposits for bars, before the assay slip is taken, he charges the weight after that slip is removed; that is with the weight of the bar as stamped and returned to the depositor. But inasmuch as the

depositor is entitled to the value of all the gold de-
posited by him, the Treasurer is yet to account to him
for the assay slip. This is done not by accurately ascer-
taining and paying the value of that slip, but by an ar-
bitrary or conjectural allowance of \$2. for each slip tak-
en. This payment, or the aggregate of such allowances,
the Treasurer reimburses to himself by depositing the
slips and realizing the value. If this value exceeds
the allowance made the difference, being a gain to
the Mint, is credited to Profit & Loss.

This system saves some trouble in the calculations,
inasmuch as it is unnecessary to determine the value 1st.
of the deposit after melting & before the removal of the
assay slip, and 2^d. the value of the bar after such remov-
al. The latter calculation alone becomes necessary, and
is the only value with which the Treasurer is charged and
against this advantage must be placed the fact that
the Treasurer has the custody of the assay slips without
being debited therewith until such time as he may see
fit to collect and deposit them; and the further fact
that inasmuch as the allowance of \$2. a bar falls far
short of the real value of the slips received, the depositors
are to that extent deprived of their rightful dues & they
by reference to the paper marked ^{of the deposit document} ~~It~~ it appears that
the gain to the Mint by the underallowance for the
assay slips from unpurified bars of the quarter was ^{\$3900.54} ~~\$3900.54~~
which on a total of such bars amounting to \$1,607,257.69
is nearly equivalent to an extra charge of ^{1/4 of 1 pc} ~~1/4 of 1 pc~~
cents or if there were 527 such bars made (as mentioned)

in the Gold Bridge apt) there an undrawn amount
has been made of \$ 7.40 a bar.

I am on the whole satisfied that this plan
cannot be continued to advantage, and shall address
the Superintendent at once on the subject. My im-
pression is that it will be best to assimilate the trans-
actions in deposits for unparted bars precisely to those
for coin; that is to say that the total value of the
bullion, based on the weight after melting anterior to
the removal of the assay slip shall be charged to the
Melter & Refiner, who shall receive a credit for the
standards and value of the bars returned after the assay
slip is removed. It will retain these slips and the
gains from the melting, to be accounted for as in the
case of the slips and gains from the deposits for coin,
that is to say to be mingled with the melt of his bullion
and refined for ingots. By this plan we shall have
a double responsibility: at present the system is
very defective in this respect.

The accounts, apart from the subject of the forego-
ing explanation, call for no further comment. The
discrepancies in the Profit & Loss accounts (compensa-
tory of each other) still remain; the balances of Bull-
ion & Charge are believed to be correct.

very respectfully yours

Thos. L. Smith, Esq. {

Statement of George V. Blee.

I have often Spoken to my Brother about drinking and not attending to his duty. I noticed that he was drinking for some time. He has been drinking for the last two or three months. When he is under the influence of liquor he is hard to get along with. I got Mr. Summers to speak to him about his drinking.

Statement of Mr. Porter.

Mr Blee has been absent from the Mint very much. He has been at the Mint only once this month up to the time he was discharged. In the preceding months he was absent frequently and without leave. In July he was absent on the 7th 8th 9th 10th 11th 12th 29th 30th + 31st + about the same in other months. I am Mr Booths foreman. The workmen in his department always get leave of absence from Mr Booth or Mr Taylor through me. I could always smell liquor in his breath in the mornings. Mr Blee was always dissatisfied and troublesome to get along with. I have not confidence in Mr Blee's integrity as a man or workman in the Mint. He had no leave of absence during this month.

Statement of Geo Blee
+ C. A. Porter respecting
intemperance of
Frank Blee

I have some four
or five hundred dollars of spanish
silver on hand which I should like
to exchange off for the new cents.
Will you please inform me about
how soon arrangements will be
perfected for those exchanges, &
whether ^{spanish} coin deposited now would
take precedence when you commence
paying out the cents,

I oblige

Yours truly

W. S. Beach.

New Cent

March 20, 1887

March 20 7.

Dear Sir,

I have to acknowledge the receipt of your favor of yesterday enclosing a slip from your paper containing a notice of the operations of the Coinage at the Mint.

I am actively engaged in perfecting the necessary arrangements for the Coinage of the new Cents, and hope soon to be able to announce to the public the time when they can be issued, and the terms on which the fractions of the Spanish and Mexican dollar, and the old Cents will be received in exchange for the new issued.

I will send you an early copy of my Circular on this subject when it is prepared.

Very Respectfully,
J. M. B. Assistant,
Director of the Mint.
Mr. S. Beards & Co.
New York, June 10, 1837.

Sevning Balance &
Weights

March 19, 1857,

March 17th

7.

Dear Sir,

By direction of the Secretary of the Treasury, under date of the 23rd ult. I have caused a balance to be made for your office and a set of weights for Gold Coins from \$5.00 to \$1. inclusive. The balance has been tested and the weights adjusted under my inspection and may be relied upon.

As suggested by the Secretary of the Treasury you may send the balance and weight and have on hand for examination and adjustment here.

Mr. Doorman, the Manufacturer, sends his former Mr. Edmund Hoffmann to put the balance up in your office, and will take charge of them you may find here.

The balance and weight cost \$300. The

bill for the same I have anticipated to be correct.

To Collector of New York

Sec. of the Treasury

Profits of the Mint for
1856 paid into the
Treasury of the U.S.

March 30, 1857.

March 30, 7.

Sir,

In compliance with the acts of Feb. 21 & March 4, 1853, I have caused the profits of the mint for the Year 1856, to be transferred to the Asst. Treasurer of the U.S. in this City, who has placed the same to the credit of the Treasurer of the U.S.

The following are the profits referred to,
viz:

Gold Coinage Charge of 1/2 of 1 per cent.	\$37,000.00
Profits on Silver Coinage	53,049.18
" " Copper "	1,335.74
Total Profits	<u>\$91,384.92</u>

I have the honor to be,

With great respect,

Your faithful servant,

Samuel Ross Snowden,

Director of the Mint

Hon. Horace Cobb,

Sec. of the Treasury,

Our Letters.

1. Monthly Examination
2. " Reports

March 31, 1857.

March 31. 7.

Sir,

The enclosed statement exhibits the
Deposits and Coinage at the office during the
Month ending to day.

I have the honor to be,

With great respect,

Your faithful servant,
James R. McDowell,

Director of the Mint

Hon. Howell Cobb,

Sec. of the Treasury,
Washington City.

March 31. 7

Sir,

The usual count and examination made at the Mint at the close of this days business, exhibited the following balances in the hands of the Treasurer,

viz:

In gold coins	\$ 687,975.80
" Silver "	595,170.33
" Ordinary Funds	18,519.17
" Repair "	2,145.03
Total	<u>\$1,313,810.33</u>

which amount corresponds with the balance stated upon the books of Account in his Office.

The balance in the hands of the Asst. Treasurer of the U.S. at the same time was proper in gold and silver coins, agreeing with that Officers books of account.

An examination into the condition of the Mint generally gave satisfactory evidence that the business of the establishment is conducted with

fideliety and care and a proper attention to
the interests of the Government and the public.

I have the honor to be,

With great respect,

Your faithful servant,
James A. Buchanan.
Secretary of the State

Hon. Howell Cobb.

Sec. of the Treasury,
Washington City.

Hon James Ross Snowden

Director of the Mint
Philadelphia.

Sir, I take the liberty to
enclose you a blank statement purporting
to give the weight, fineness and value
of several specified coins, which I would
respectfully request you to cause to be
filled up by with the proper figures by
some one possessing the requisite knowledge,
and returned to me. I would be obliged
if the person would also answer the two
questions at foot of the proforma statement.

My object in asking this information
is that I may not incorrectly quote the
standard values in this country and Spain,
or rather Cuba, in a matter which I wish
to submit to the Secretary of State.

I enclose a stamp for the return postage
and begging you to excuse the trouble I

am giving you, I have the honor
to be

Office of Melter & Refiner
United States Mint

Phila 14 March, 1857

Dear Sir

I have made a test of the Nickel-Alloy purchased of Messrs. Buck, Simonin & Co. both by Chemical Assay, and by mechanical means. It contains a little over the proper quantities of Copper, but not sufficient to affect the proportion required for the cent-alloy. It is a very soft & pure metal, & when mixed with the due quantity of copper, yields a very malleable alloy, which can be rolled, cut & stamped, apparently with as much facility as Gold & Silver.

In consequence of the excellence of its properties, I recommend the purchase of the balance of the lot, amounting to some two thousand pounds

Very respectfully
Yr obt. Svt.
Jas C Booth

David Stangen Esq
Treasurer of the Mint

We are in receipt of returns
of Silver as per certificate No 212.
We are convinced that some
error must have occurred in
reference to the assay, inasmuch
as 30 g of the Silver was in French
English & Spanish coin, only 1 Piece
of Russian money in the lot. The
Balance of the Silver was old
Silver & Spoon of our make &
about 20 g of Silver plate, that
the assay should have averaged
less than 890 surprises us.

Yours Respectfully

David

Respect. Letter & Enclosure
of 16th March

April 7. 1857.

Apr 6th 7.

Dear Sir

I received in due time your
favor of the 16th ult. enclosing \$20, and
now I have all to acknowledge
your of the 2nd inst.

The former letter remains unanswered
under the supposition that I could be
able to send you the proceeds at an
early ^{day} in the new issue of Cent: but
we have been delayed for a variety
of causes some of which were
material and laborious
difficulties in preparing the new
alloy in large quantities. These
however, I am happy to say,
are now overcome, and the
Coinage is rapidly in progress.
But I await the action of the
Minty Department in regard to
the regulations respecting the

The circulation of the new
which was submitted on
9th ult.

It now is no one paper
to give the fact. But I would
trust you will of them in
payment of the same you
enclosed. I will send them
by express.

Office of melter & Refiner
U. S. Mint

Hon. J. R. Snowden
Director, U. S. Mint

2. April. 1857

Dear Sir

The number of hands in this Department was **24** at the commencement of March, since which two have been removed & two added, leaving the number the same. It is with extreme regret that I announce the decease of the Foreman of Refining, John Monell, an intelligent, conscientious & ever-attentive man, whose decease would be a severe blow to this Department, were it not that the Refining operations have materially diminished in the Mint. In consequence of the last fact I do not recommend the appointment of a Foreman in his place, as the business does not warrant it. I also regret the imperative necessity you were under of removing Francis Blee, for excessive indulgence in Liqueor, so as seriously to interfere with the business of the Mint, & because we had lost confidence in him.

In consequence of the small amount of refining required, agreeably to your instructions, the force in the Parting Room will be distributed as follows:
Geo. ~~Summers~~ ~~John Porter~~, Subforeman of Refining, with the other three hands under him, to be detailed according to the instructions of myself or the Assistant M. & R. The same force will ~~have~~ charge of cleaning the

new Cent, under the direction of ^{John Porter} ~~Geo. Summers~~,
as Subforeman.

Having had sufficient experience in melting the new cent alloy during March, I can now suggest the amount & distribution of the forces required for melting. I propose making two sets of hands, one for cent melting, & the other for gold & silver melting.

Cent Melting

I propose running four furnaces. This will require 4 melters, 2 carriers of moulds, 2 to open & close moulds, & 1 to pick up ingots. Between castings the helpers will also file & clean the ingots. The endeavor to run four furnaces daily will result only in the constant running of three, because the furnaces wear more rapidly than in melting gold & silver, & there will ~~always be~~ often be one furnace thrown out for repairs. Besides which, snelts will occasionally be condemned, & thus reduce the number of melts in all the furnaces.

By commencing work at 7 A.M. & working up to 5 P.M. we may be able, & shall be, with good melters, to make 4 melts pr. day of 125 lb. each. Saturday being regarded as half a day, the N^o of days pr. week are $5\frac{1}{2}$. At this rate we shall be able to melt a little more than 8000 lb. of cent-alloy pr. week. One half of

this amount will be returned in clippings, so that the total amount of work, of which we are capable in the melting room, will be 4000 lb. of cents = \$4000 = 400,000 pieces. This amount can be delivered, after assay-returns, provided we are not called upon to melt the old copper-cent, which will reduce our capacity for making the above amount of cents. If desired to yield more of the cent alloy, we can obtain it from the firm, from which we purchase the nickel, to be paid for after the assay returns of it are made.

We now have a force of 8 in the Cent melting operations, & I propose to add another to complete the set, without any expense to the Govt. In consequence of the very small amt of gold & silver kept in the refinery, for an average period of ~~less~~ a week or less pr. month, I propose taking one of my watchmen, ^{Berniah Jones} who has been accustomed to fire work, is strong, active, & reliable & to place him in the Cent melting Room, as an alternate melter or a constant melter. He is one of the most reliable & sturdy & active men, that I have, & doubt whether I could find his superior in the very qualities required. Should a double watch be req^d when bullion is in process of refining, one of the night watch, could be detailed for that purpose for the short time requisite

The following schedule will show more fully the arrangement which I propose for this Department.

Cent Alloy Melting

Foreman - A. Porter = 1

Melters . Boon, Lynch, Stewart, Jones = 4

Carriers . Abell, Dunn = 2

Open & Closers . Mc Guinness (& a melter) = 1

Pick up . Mc Donald = 1

Sir:

We suppose that

you are completely overrun with, and weary of, the questions which
we are going to ask, and our only apology for troubling you
is, that we are situated where they are constantly push to us,
and that we may if informed in relation to them be able
to satisfy a great amount of inquiry, much of which
if not answered, would in the end find its way to you
in the shape of numerous letters. Our inquiries are these.
How soon will the new-cent-piece be found out? When will you
receive the Spanish fractions of a dollar at their nominal

value and pray for them in the new cent. By information
upon these matters, you will greatly oblige numerous inquirers,
and,

Very Respectfully Yours,

Treasurer of United States Mint
Philadelphia
Dear Sir

On the first of January 1834
I forwarded to G. Rosenstock of this city a small
package of Calif. Gold which was handed or sent
in to the Mint of Phila for Coinage in the latter part
of same month and year, and having only recently
returned from Calif. and in a settlement with said
G. Rosenstock a error seems to exist in the note given
of said settlement, wherefore I herewith take the liberty
to request you please to forward me a duplicate
certificate of the gold and return of amount to the
B.R. & by doing which, you would greatly oblige
Yours obedt Servant
A. Hoffman

Draft for \$100 - proceeds
to be sent in new cents

Apr 20. 1887.

April 15th. 7.

Sir,

Your favor of the 15th inst. enclosing check for
five and requesting that pounds thereof to be sent you in cents,
is received. The coinage of the copper cent was discontinued
on the passing of the new coinage bill in February last,
and we are not yet quite prepared to issue the new cent,
but will be soon, when I will remit the proceeds of your check
in new cent coins.

Very respectfully,
Samuel R. Bowden
Director of the Mint.

Balance \$1575 00

April 13,

7.

Sir,

I transmit herewith a statement of the "Illcease Fund" account for the 4th Quarter of 1856, and enclose vouchers for the items charged therein. The account exhibits a balance of \$1,575.21, to the credit of the Illcease Fund.

On the 7th March 1856, I was instructed by your predecessor to open the above account, and transmit a statement of the same at the close of every quarter. In compliance with the instructions referred to, the Illcease Fund account was opened and statements thereof regularly sent till September at the close of every quarter, to the close of the 3rd Quarter of 1856, but I was not aware of their receipt, or whether they had been acknowledged at the Treasury. This being the case, and the Coinage Bill then pending in Congress containing a clause relative to the striking of Maces at the Mint, the account for the 4th Quarter of 1856 was withheld for the time being, under the supposition that the section referred to would become a law, and that the Department would present some general regulations respecting the striking of Maces at the Mint and accounting therefor. The section referring to the striking of Maces having been struck out of the Coinage Bill prior to its passage, the inducement for withholding

the account no longer exists.

At your convenience I should be pleased
to be informed of the disposition that has been made
of the existing accounts forwarded by me as before
stated.

I have frequent applications to strike ~~new~~
for illustrations, sketches and caricatures, from the class which
belong to these illustrations; some of which are deposited
at the Mint for safe keeping. But in view of the
action of the House before referred to, I have deemed
it expedient to advise for the present to strike any further

I may remark that the House may have a
section in question (which has previously passed the House)
contains misapprehension of its object. It was intended
that it might interfere with artists in the preparation
of medals and coins, whereas it was intended to establish a
distinction of medals from the class which belong to the
Government and are now at the Mint. In fact
instead of interfering with Artists it would rather
encourage the making of medals and coins, because
copies can be struck better at the Mint than any
where else in this country; and artists, so far as
I know, are not provided with presses and other
implements to strike them in a proper manner.

In view of the case as now presented, I
respectfully submit for the decision of the Department
whether it is expedient for us to continue to strike

Medals for Societies and Associations and
other public bodies that may apply for the same.

I will be happy to respond to any inquiries
on this subject if you desire any further information
respecting it.

I have the honor to be,
With great respect,
Your faithful servant,
James R. Brewster,
Director of the Mint.

Wm. Monroe Bell,
Secy of the Treasury,
Washington City.

April 14th 7.

Sir,

I have received your favor of the 10th inst.

Enclosed is an impression of what is commonly called the Washington Cent. There is another sort very similar, but with a smaller Eagle; more rare than this.

All the pieces bearing the head of Washington (of which there were many varieties) were of private issue, either in England or America; and struck by way of speculation.

Very respectfully,
James R. Knowlton.
Director of the Mint.

To the Superintendent of the
United States Mint at Phila } Sir, I am ignorant &
want information, & take the liberty of seeking where I
think it can be obtained, instead of among my acquaintances
but first I will say that the 17 traders of our
little village and most of their customers desire
to get rid of the foreign coin now in the largest
part of our specie circulation & substitute for it all
United States. Now we propose as traders to gether
up the foreign coin & send to Mint & exchange
for New Coin, & we wish to be made
acquainted with its real value for coinage
purposes so as to be able to give about its
value & still not lose much. We also
wish to know your understanding of the law
in regard to Pillar quarters and new pennies
& if we should get a key of pennies how
can we get it out & how much will it
cost, please be so kind as to give us
all the information you can in regard
to it soon as possible.

Yours Very Respectfully
Wm W Drennan

Enclosed is a stamp for reply,

also can you inform us how much the
Express Company will charge us for taking

Sir,

Your favor of the 16th inst. has been received.
The returns made by the Mint for old Spanish coins
are on an annex, as follows:

For 25 cent pieces	28 1/2 cts.
10 1/2 " "	10 1/2 " "
6 1/4 " "	6 1/8 " "

When the new coinage being the old Spanish
silver and copper cents will be received at the Mint at
their nominal value, in exchange for the new cent coin,
and soon as the latter are ready for issue, which will
be in the course of two or three weeks.

The cost attending the transmission of
silver coin to and from the Mint, can be ascertained
from an agent of one of the Express Companies in your
vicinity.

Herewith I send you a copy of my last
circular respecting the purchase of old silver coins at
the Mint. For your information I will also send you
a copy of my circular respecting the new cent coin,
and soon as it is ready for distribution.

Very respectfully,
Samuel R. Thompson,
Director of the Mint.

April 8, 7.

Sir,

Your favor of the 6th inst. has been received.

As soon as the Mint is prepared to issue the new cent coin, the fact will be duly announced to the public by the publication of a Circular, which will contain all necessary information on the subject.

For your information will send you an early copy of the above Circular.

Very respectfully,

J. R. Snowden

Transmits old coin
for ten cents

April 6, 1857.

April 6th 7.

Dear Sir,

I have just seen of the
4th inst. The package of Silver Coins
referred to was brought to the Mint by
the Express Company today.

We are not yet prepared to
pay out the new coin but hope to be
able to do so in a few weeks. The
regulations as to the distribution of
the new issue have not yet been
acted on by the Department at
Washington.

The amount of the 4th inst. will be
to make and will allow the amount
of you at an early stage.

I am, Sir, very respectfully,
Yours, &c.

for 1856 has not been received,
that is to say, the copies
ordered by the House of Reps.
but I have to-day that they have
been forwarded to me and I expect
to receive them soon. When received
I will have the pleasure of
sending you a copy.

I am, dear Sir,
Yours most truly

Treasury Department

April 26 1857

Sir

In view of the negotiations of your letter of the 13th inst I have to state, that it does not seem to be expedient in the existing state of things for the Mint to undertake the manufacture of medals, generally for individuals or societies; and applications for that purpose should be discouraged as much as possible.

But as cases may exist or arise, where dies have been prepared at great expense by artists not belonging to the Mint for unauthorised objects, which dies can only be effectively used at the Mint for the purposes intended, the Department is willing whenever you shall be satisfied that such is the case, to sanction the striking of medals from such dies at the Mint, under the instructions given by Mr Guthrie in 1855.

The accounts enclosed with your letter will be duly referred for examination, and report will be called for in regard to those unauthorised transactions.

Very respectfully,
Yours obediently,

J. R. Thompson Esq.

April 22. 1857.

Treasury Department
April 20th 1857

Sir

I have the pressure of other and more imperious duties, I have not found myself able before this time to bestow the necessary attention upon the "Regulations to carry into effect the Act relating to foreign coins and to the coinage of cents at the Mint of the United States" approved 21 Feb 1857, which were submitted by your letter of the 7th ulto, for my examination and approval.

I hereby approve and sanction the Regulations in question. You will approve this department whenever a sufficient quantity of the new cents shall be ready for issue, in order that the necessary arrangements may be made for their distribution as proposed in your letter.

The proposition contained in your other letter of the 7th ulto to employ the agency of the Adams Express Co for the delivery of cents at the various points to which they may be directed the place is also sanctioned and approved. The proposal of the Express Co of your of the 4th ulto on this subject filed with your letter but will be returned to you if desired.

Sir,

In reply to your letter of the 23d inst I have to state that all silver coins are purchased at the mint at the rate of 12 1/2 p units for Standard ounces, and payment is made therefor, in Spanish denominations of silver coin at the depositor may desire. The returns made by the mint for real Spanish and Mexican coins at the rate above stated, average about as follows:

For Quarters	28 1/2 p units
" Silver	20 3/4 "
" Lips	5 1/2 "
" Mexican Pesos	25 1/4 "

Very respectfully,
James Robinson,
Director of the Mint

Hampton Va April 23rd 1853
Col. Snowden

Dear Sir

Will you be so
good as to inform me what is given at
The U.S. mint for the old Spanish and
Mexican coins: what sort of money is
or will be given in exchange for it; and
how long it will be given your imme-
-diate attention will much oblige
Your obedient servant

Mint of the United States.

Philadelphia, April 29th 1857.

Dear Sir,

It is requested by the Comptroller of the Treasury that the Mint receipts for bullion be signed by the Treasurer of the Mint, and of the several branches, in person and not by proxy. And also, that each certificate thereof have some conspicuous mark of Cancellation upon it when paid, either by a stamp or mutilation.

Concurring with the views of the Comptroller I have to request your compliance therewith.

This direction will take effect on the 1st prox^o, a stamp similar to that which is used in the office of the Assistant Treas. U.S. will be a convenient instrument for the Cancellation of the Mint Certificates.

Col Snodgrass

Sir

I beg the liberty
of asking of you an explanation of the
cause, which makes Gold Coin of late coinage
work so bad, I am melting much of it
for Dental use and find that in drawing
the Ingot into plate of gauge²⁰ 28 & 29 that
it surface cracks but more often when we first
begin to reduce the Ingot there will be more
or less small spots on the cast which soon
open and make a holes of more or less size
The Gold of Calif Mint works more in
this way than other, but that of N. H. & A. Q.
Mint of the Coinage of 1855 & 56 much in
the same way. Three years ago we had very
little trouble of this kind but it is getting
quite an uncommon thing to get a perfect
plate of any size without repetition
melting & drawing. We keep all base alloys
from our Forge and we do our cast but
still ^{are} in the dark as to the cause. If not
too much of a trespass on your time will
you give me a reason for our trouble.

Please enclose your answer under

Respecting Bad hunting
of gold & —

May 2, 1857,

May 2nd

7

Dear Sir,

In reply to your letter of the 29th ult.,...
I would say - I have to state that I am unable
from the description you give, to understand the
precise nature of the difficulty on which to which
you call my attention. We are daily selling
the same goods, often to the thousands of papers,
for sale, without observing any thing injurious
or deficient for the purpose of conveyance. Formerly
there were sometimes spots of iron-oxide, an
irregular metal, which would tear up a
sheet under the rolls, or injure the wire in
striking, but for several years past we have
been able to keep the metal clear of that
annoyance.

I am, very Respectfully,
Yours obt. servant,

Samuel R. Newman
Director of the Mint.

J. Bigelow Esq

To Treasurer U.S. Mint
L

Instructions as to signing
of Mint receipts for
bullion & their cancellation
upon payment.

April 29, 1857.

April 29th

7.

Dear Sir,

It is requested by the Comptroller of the Treasury that the Mint receipts for bullion be signed by the Treasurers of the Mint, and of its several branches, in person and not by proxy. And also, that each Certificate should bear some conspicuous mark of Cancellation upon it when paid either by a stamp or mutilation. Concurring with the views of the Comptroller I have to request your compliance therewith. This direction will take effect on the 1st prox^o. A Stamp similar to that which is used in the office of the Assistant Secy. U.S. will be a convenient instrument for the Cancellation of the Mint Certificates.

Very truly & Respectfully,
Yours

Hon. Daniel Surgeon
Treasurer of the Mint.

Samuel R. Snowden
Director of the Mint.

Exchange for
the new cent

May 8, 1857.

Minist of the Marine & Fisheries.
Ottawa, May 5, 1887.

Sir,

I have received your favor of
yesterday.

Exchange for the new and coin can
be satisfactorily effected through the agency
of an Express Company, who can present
packages from different persons, and trans-
act all business required.

Applications by any person, or agent
for a greater amount of the new coin than
he at one time will need for the present, be
granted, but the applicant can at the same
time, conduct an exchange for other persons.

Very respectfully,

James R. P. [Name]
Director of the Office

W. J. Beach Esq.,
Office of the [Name],
New York.

James Rob Snowdon Esqr

Dear Sir, I Recd to day your circular in regard to Receiving all coin for the new penny - I am sorry I did not get it before for a few days ago I sent you package amounting 133 $\frac{1}{2}$ for cents & bundle of silver for 3 cent pieces. now I'm sorry I've sent it but it can't be helped now. and If you can Rec it so that I won't have to pay charges back why I would be glad. The Mexican coin is a pretty plump lot not much worn and I should not wonder much if we would get nominal count for it by selling at 122 cts per oz. and then get it in silver 35 50 100 & 25 cts pieces. If the lot sent by us would bring us 149 $\frac{1}{2}$ in silver coin we would be glad to have it sent or if it would bring us as much in silver coin by the oz. as we would have in cents & cts to take it in the way we wrote or a dollar or so less why we would like it that way for in a few days we will have another lot ready which we can get pennies for what we want is american coin to take the place of the Mexican & I don't know but we will have to send a dft to you to get some coin - how is that matter if we send you Per Philadelphia funds or draft will you send us ^{small} coin for it - it is there no way of getting it out to us cheaper than paying the express Co about one per cent for bringing it how do the Banks do I am sorry to trouble you so much a about little matters - but maybe some day we will have a larger matter to talk about

Yours Respectfully,
Wm W Skennan

Mintr of the United States

May 16, 1857.

May 12th 7.

Dear Sir,

I am desirous of having new
alphabets and figures to be used in our dies;
and being also anxious, in accordance with your
request when I had the pleasure of seeing you
at the Mint, of giving you an opportunity of
making some sets for us. I now enclose
a note and card from the Emperor
as a guide to you in this preparation.
Your note please make a set of each side
of the alphabet and figures to correspond
with each side.

I must be glad
if you would make No. 3 part, as I
am now getting up new hubs for the
Austro Comings, and it is proposed to
use that side for the ^{new} Cent.

Please present this order at your early
Convenience.

I am, Very Respectfully,

James Ross Alexander
Director of the Mint.

Mint of the U. S. Philad^a May 12. 1857

Dear Sir

I have designed on a card, sufficient specimens
for a guide as to form, of four alphabets, of the sizes
that I consider best adapted to our coinage; which
I enclose herewith for your inspection; if you ap-
prove the designs, it would be desirable to have
letter-punches made to correspond with all of
them, especially of N^o 1, 2 & 3. particularly
the last; The figures below, are to correspond
with N^o 1. alphabet, but should be made to
conform equally to the size of each alphabet
respectively —

Very Respectfully Yours

James W. Longacre

The following is an extract from the legislation to carry into effect the act relating to foreign coins and to the Coinage of Gold.

"Before the ingots are delivered to the Coiner, the Assayer will report that they are suitable for coinage. But in making the analyses he may take samples from as many different meltings or numbers of ingots as may be found necessary to expedite the coinage operations and make an average test of the same. If the average test is reported as satisfactory, the several melts will be considered suitable for coinage."

"The Assayer will however from time to time, as the other duties of his department may permit, make such further assays of the ingots, and of the Gold Coins themselves, as may be deemed useful and expedient, and report the results of such examinations to the Director."

I deem it useful and proper that you should present a statement of the

amount of the Appraisers have been
made of the new ingots; and the
you will please make a report at the
close of every week of the number of
the Appraisers, in which the proportion of
Copper and of Nickel will be stated,
and the number of metal contained
in each Appr. that is to say, the
number of metal and ingot from
which the average test is made.

Very Respectfully,
Your obedient servant,

Jacob R. Eckfeldt Esq
Appraiser

Sir

I sent by Kinsley & Co Express
on the 1st April \$350 in Spanish $\frac{1}{4}$ dollars weighing
5281 dwts, to be returned in new cents at par —
in conformity to the late law in regard to Spanish
Coins — They were the remains of a lot, from
which the most perfect was selected for Export —

On reference to the circular lately received
from the mint — I find that the lot will not be
received except as bullion, in consequence of their
weighing less than the average required by the
mint — say 4.80 for \$5 in Span. Coin — Will you
do me the favour to say if this lot can be returned
in new cents at par at a proportional rate of discount
on the silver equal to the difference between the
actual weight of the silver, and the standard
required — or if I send enough $\frac{1}{4}$ dollars in
Spanish coin of full weight so as to bring the weight
of the two lots equal to the standard weight of
4.80 for \$5 — shall I be entitled to the new cents
at par?

May J. Farrell More of
Kinsley & Co Express instructions
as above to

Respectfully Yours

Gentlemen:

In reply to your favor of 27th ult. I have to state that if you send me a draft on this city as proposed in your letter I will hand the proceeds thereof, in the denominations of silver coin indicated, to the Adams Express Co. for transportation to the Bank named in your letter. With respect to the payment here of expenses attending the transportation of said coin, I have to remark that it is contrary to our practice to act for parties in paying such charges. Your proposition to have me pay the freight and deduct the same from the proceeds of the draft is ^{therefore} respectfully declined. You can ascertain what ~~it~~ ^{it} will cost to transport any given amount in silver coin from the city to the point named in your letter, by consulting any one of the principal Express Companies in your city.

Very respectfully,
Samuel R. Snowden.

Director of the Albany

Albany Cent, Lowther & Co
New York }

Office of Melter & Refiner

U. S. Mint.

Philad^a 30. April 1857

Dear Sir

There has been no change in the number of men, or their distribution in the work of this Dept^t, during the present month.

John Stewart and John Lynch have been absent, the former 9 days, & the latter 14 days, through sickness caused by furnace-heat.

It is certain that the latter, J. Lynch, will not be able to continue a melter, & I would therefore suggest that his wages be reduced to the level of the helpers, during the next month.

Wm Boon was absent one day with permission, on acct. of death in his family. John Smith was absent two days, in consequence of an accident to his eyes, caused by, & during work.

The Preparation of the new Cent has been actively progressing during the month, and during one week, we melted upwards of 7000 lbs. With the 1st May we hope to commence melting twice that amount, and to have about 3,000,000 pieces ready by the 25th May.

Hon. J. R. Snowden
Director, U. S. M.

Report
of
J. C. Booth Esq
M + R
U. S. Mint
for April

May 1, 1857

Bank of the Metropolis,

Washington, 1 May 1857.

Dear Sir

I observe by your printed regulations dated 27th ult., just published here, that it is required, as preliminary to the deposit of the old coins of Spain and Mexico, to be exchanged for the new cents about to be issued by the Mint. Certain conditions, before such exchanges can be made. As we were not aware of such regulations when we transmitted a bag to you of such coins on the 4th ulto., we hope that in this instance, you will permit the exchange to be made; and we trust that some gentleman in the Mint will do us the favor to have those forwarded by us, as above, assorted and put up in the way you require by your regulations. If necessary, we will pay any reasonable expense for this service.

I shall be obliged to you, my dear Sir to have forwarded to us, by Adams & Co Express, as you indicate, the amount in the new cents, we may be entitled to as soon as the Mint is prepared to issue them.

I am, with much respect

Exchange of old
Silver for new coin

May 2. 1857 ,

To the Board of Trade

Decimal System of
Comage and
Accounts

May 7. 1837-

Mint of the United States,

Philadelphia, Dec 14. 1857.

Sir,

I have to acknowledge the receipt
of your

May 7th 7.

Dear Sir,

It seems to me expedient that some concerted effort should be made to conform the prices of Merchandize, and other articles of trade and Commerce, to our decimal system of Coinage and accounts. The law recently passed by Congress to relieve the Country from the circulation of foreign Coin which have so long interfered with our excellent and simple system, is a measure of the highest importance and value. But it now becomes necessary, that the prices of Commodities should be made to conform to that system.

As a means of accomplishing this useful design I beg leave respectfully to suggest whether some action by the Board of Trade would not be judicious and proper. By its authority a meeting of dealers and other business men might be called to consider this subject; on the Board might adopt such measures, to effect the object in view as it may deem expedient, if in its judgment the matter herein presented is of sufficient importance, and comes within the objects of its organization.

Thomas P. Hooper Esq
President of the Board of Trade.

I have the honor to be
with great respect,
Your obedient servant
James Robinson.

5 Mo. 26. 1857

J. Ross Snowden

Director of the U. S. Mint

A young man from our Store was sent to the Mint this morning with \$150. in "Spanish Quarters" to exchange for the new Cent Coin - he was also given separately \$15. (in case any part of the \$150 should be refused) to make up the full amount

He states that he was requested to take off the wrapper & put the money in \$50. parcels - he did so, counting & finding all right viz 3 parcels of \$50 ea - He states that the Clerk found the two parcels correct, but told him that ~~the~~ one was \$10. short, but did not give him to account it & he was obliged to add \$9.75 out of the reserved fund of \$15.

The money was put up by the Writer in rolls of \$10. ea - each parcel was weighed on a special balance & found to exceed \$9.60 in the present Silver Coin & the whole then put into a Canvas bag, & could not have been lost between our Store & the Mint - We regret to be obliged to trouble you, but feeling sure an error has occurred in your place, ~~we~~ do not know what other ^{course} to adopt

The Young Man is one of our Cashiers & accustomed to count money -

Respectfully
Shufeldt Bloz

Have smelted old
Silver coin for
new cent coin

May 29, 1857.

May 2^d 7

Dear Sir

I send by Adams
Hob's Express, nine medals, as
requested in your letter of 24th
ult., including the military
medal of Gen. Jackson, which was
overlooked in the previous sending.

The medals you sent were
duly received, and make a very
good appearance.

At present I do not know
that I have occasion to avail my-
self of your courteous offer, arising
out of your intended visit to Europe.

Truly yours

L. J. Worley Esq. James Ross Snowden.

San Marcos, May 28th 1857.

Col Snowden,

Director of the U.S. Mint,

Dear Sir,

I have this day forwarded
per Adams' Express Fifty dollars
in Spanish Coin - to be exchanged for
the new Cent - at your earliest convenience.

Respectfully yours,

Edward Danks

5 Exchange

Circular Sent
June 2. 1857

From

Oliver Dodge & Sons
Salem
Mass

Old sent

June 2, 1857

112
Boston. May 29.th 1857.

Col. J. A. B. Snowden.

Dear Sir:

You will remember

that a few weeks since we forwarded you an order from 23
of the Boston Banks, requesting you to deliver to us, for them, \$50. each
of the new cents, and you did us the kindness to comply with our
request that you would receive coin that we then had at
Philadelphia, and pay us only the new cents for these Banks.

We received on Wednesday morning \$250. in the new coin, and
immediately distributed them equally among the Banks, refusing all
other applications, as we felt in honor bound to you and to the
Banks and intended to act on the square. As these will last

From
Messrs Burnett & Co
Mass.

Respecting Supply
of new cents.

June 1, 1857.

Instructions to reserve
from Melt certain foreign
coins

May 30, 1857. —

May 30th

7

Sir,

I am desirous of procuring for Assay at the Mint some varieties of foreign coin and will be much obliged for your assistance in obtaining them. viz:

England	Gold and Silver	1854 to 1857
France	Gold and Silver	1854 " 1857
Spain	Gold and Silver	1854 " 1857
Austria	Gold and Silver	1850 " 1857
Russia	Gold and Silver	1850 " 1857
Prussia	Gold and Silver	1850 " 1857
Mexico	Gold and Silver	1855 " 1857
New Granada	Gold	1850 " 1857
Brazil	Gold	1850 " 1857
Peru	Gold	1850 " 1857
Chili	Gold	1850 " 1857
Hindustan, Silver } Calcutta coinage }		1850 " 1857

The denominations of coin should if practicable be of the larger character such as the Sovereign and the half crown of England, the twenty-francs, and five francs of France &c. You will please request the Treasurer when deposits of foreign coins are made, to cause them to be examined, and when any of the above are noticed to reserve them from

the melt. They can be sent to the Mint as bullion and paid for as such. I only desire say five or six pieces of each sort if indeed it is possible to procure that many, or any single pieces of some of the coins embraced in the list as they are but rarely brought to this country.

I am desirous of procuring these coins in order to make the report authorized by the 3^d Section of the Act relating to foreign coins & to the coinage of cents at the Mint. And, as by the Act my ~~report~~ report is required to be made in duty and not in Lanny as heretofore I would be glad to receive as soon and convenient such of the coins requested as may be obtained. It is desirable to have them (or such portion of them as are procured) by the middle of June or the latter end of June at furthest.

Very Respectfully,
James R. Snowden,
Director of the Mint.

Saml. Butterworth Esq.,
Supt. U. S. Assay Office,
New York.

Monthly Count
and Examination

May 30, 1857.

May 30,

7.

Sir,

The usual count and examination made at the Mint at the close of this days business, exhibited the following balances in the hands of the Treasurer, viz:

In gold coins.	\$830,278.43
" Silver	379,562.43
" Ordinary Fund.	2.98
" Repair " "	509.23
In cents of new issue	475.25
Total	<u>\$1,210,828.32</u>

which amount was found to agree with the balance stated upon the books of account in his office.

The balance in the hands of the Asst. Treasurer of the U.S. at the same time, was \$414,618.86, in gold and silver coins, corresponding with that Officers books of account.

An examination into the condition of the Mint generally gave satisfactory evidence that the business of the establishment is conducted with fidelity and care and a proper attention alike to the interests of the

Government and the public.

I have the honor to be,

With great respect,

Your faithful servant,

James R. McDaniel,
Director of the Mint.

Hon. Howell Cobb,

Sec. of the Treasury,

Washington City

Col. James Cass Snowden!
Director of the U. S. Mint

Dear Sir!

According to your kind order, I send you through Adams Express to day, 1 Alphabet & Figures n^o 3, which I expect, will satisfy you. In general, I kept strict the guide, which M^r Longacre had send with, and in only few cases I found it necessary to make some slight alterations, for the reason of better harmony, but should you not approve it, so will I with pleasure, alter the same, according to your wishes. To show, how the letters will look, I made some little prove in Brass, and send enclosed few copies of it, the are not so fine, as in Steel, because the edge, after filing it of, and drive it again, went down.

The other Alphabets are in progress, and if you want some alterations, please let me soon know.

I am very respectfully
your humble servant,
A. C. Paquet

U.S. MINT GENERAL CORRESPONDENCE 1857/MAY

part 1

U.S. MINT GENERAL CORRESPONDENCE 1857/MAY (CONT.)

~~PAGE~~ 2

To: Treasurer U.S. Mint

Instructions respecting
~~State~~ Deposits of
Spanish & Mexican Coin
for Comage.

May 19. 1857.

May 18. 7.

Dear Sir:

As a matter of public information it will form an important and interesting item in my Annual report, to state, as definitely as possible, what amount of Spanish and Mexican silver change has been withdrawn from our currency, and ^{received} for coinage, under the operation of the new law. The discrediting of these coins, (in anticipation of the passage of that law) began only two or three weeks after the first day of the present year; so that it will be very convenient to make the date to commence with the year, in preparing the statement.

I have therefore to request that you will take particular note of the number and amount of such deposits for coinage, and report to me at the close of the month of June next, at which time (by a section of the same law) my report is to be made upon measures where the deposits are mixed with other coin. It will not be necessary to take the trouble of separating them for this purpose; the weighing clerk, after some inspection, will be able to make an estimate of the proportion, and will make a note thereof with enough truth.

Wm. D. H. H. H.
{
Assurance of the Chief }
}

Very respectfully,
Samuel R. H. H. H.
Director of the Mint

May 28, 1857.

Leamy, Department
May 21st 1857

Sir

Mr Buttermore the Superintendent of the Assay office at New York has requested the appointment of Mr Leamy his Chief Clerk as "Assistant Superintendent" with authority to sign warrants on the Treasurers in favor of debtors in case of his absence from the office. Not being sufficiently familiar with the details of the business of the Mint and Assay office, to decide either on the security or the convenience of such an appointment, allow me to request your opinion whether it will be proper and expedient.

Mr Buttermore does not propose to increase Mr Leamy's salary. He only proposes to change his title, and give him power to sign warrants.

A. Ragsdale Esq
Director of the Mint.

Very respectfully
Your obedt Servt
Homer Cobb

From + To

In relation to the appointment
of Mr. Sumner as Asst.
Supt. of the assay office
on the request of the
Supt. thereof

May 22, 1857.

May 22.

7.

Sir,

I have to acknowledge the receipt of your favor of yesterday asking my opinion of the request made by the Superintendent of the Survey Office at New York ~~to the President of the United States to appoint an Assistant~~ Office with authority to sign warrants on the Treasurer in favor of depositors.

In the organization of the Mint and its branches no provision has been made by law for the appointment of an Assistant Director of the Mint, or of Assistant Superintendents at the branches. The Officers of the Mint shall be a Director, a Treasurer, an Assayer, a Collector & Refiner, a Chief Coiner and an Engineer to be appointed by the President of the U.S., by and with the advice and consent of the Senate. See. 1. act of Jan. 18. 1837. Mint pamphlet 1. The laws establishing the branches at New Orleans, at Charleston and at Baltimore the pages 44 & 47 Mint pamphlet authorized the app't upon the nomination of the President & with the advice and consent of the Senate a Superintendent, Treasurer, Assayer, Chief Coiner, and Collector & Refiner. The act establishing a branch Mint at California (see page 50 same pamphlet.) authorized the appointment by the same authority,

of one Superintendent, one Treasurer, one engraver, one
Mint & Refiner and one Coiner. The Act establishing
the Assay Office at New York contained the following
provision: "The Asst. Treasurer of the Mint or Assay Office
shall be Treasurer of the said Assay Office, and the
Secretary of the Treasury shall, with the approbation
and consent of the President of the United States,
authorize the employment of such assistants, clerks
and servants as shall be necessary for the proper
conduct and management of the business pertaining
thereto, at such compensation as shall be approved
by the President: Provided that the same shall not
exceed that allowed for corresponding services and
existing laws relating to the Mint of the Mint and
its branches." (See page 64 same pamphlet.) Now the
only provision in relation to the appointment of
assistants is contained in the general mint law
Act. 3. page 11. where provision is made for the ap-
pointment of assistants to the Assayer, Mint &
Refiner, Chief Coiner and Engraver. It thus appears
that no provision is made by any existing law for
the appointment of an Assistant Director at the
Principal Mint, or of Asst. Supt. at any of the branches
and no authority therefore seems to exist to appoint an
Officer of that grade at the Assay Office at New York.

As the law does not authorize the appointment
it is unnecessary to engage upon the question of the

propriety of devolving the important function of
Signing warrants for the payment of deposits upon
a subordinate; or to consider the propriety of such
substitution either on the point of expediency or con-
venience. But I may say that heretofore no
necessity so far as my knowledge extends has
existed for the appointment of such an officer
either at the Mint or any of its branches.

I have the honor to be,
With great respect,
Your faithful servant,
Samuel R. Snowden,
Director of the Mint.

Hon. House of Reps.
Secretary of the Treasury,
Washington City.

U. S. Assay Office, New York.

United States Assay Office

New-York, May 22, 1857.

Sir,

I transmit, enclosed, a statement of the business of this Office for the month of April.

Referring to your letter of the 19th inst., requesting "a statement of our operations for the year ending June 30, 1857", permit me to enquire whether it is your wish that I should include the last half of the year 1856. That period having been covered by my last yearly statement, and having been embraced in your annual report to the President, I have supposed that your next report, conformably to the Act of Feb. 21, 1857, will only cover the first half of the present year.

Very respectfully,

Your obt. servt.,

Enclosing 20 Specimens
of first issue of new
cent. —

May 25. 1857.

May 25th

7.

Sir,

The new notes are being paid out to-day. I send for your acceptance a few specimens of the first issue. Will you please hand one or two of them to the President.

The demand for them is enormous. I have directed \$200,000 worth to be sent to the Treasurer of the U. States, and the balance of his draft (\$1000,000) will be paid in a few days. It may be well to remember that as 100 cents make nearly one of a dollar, the amount of the draft would be 1000 pounds, and comprised in 100,000 pieces. We had this morning \$30,000 worth, that is to say, 3,000,000 of pieces, nearly all of this large supply will be paid out to-day. The coinage will go forward tomorrow at the rate of 100,000 or more, pieces a day, and the demand will be met as well as we can.

Wm. H. Cobb.
Secretary of the Treasury.
Washington City.

I have the honor to be
With great respect,

Porter May 2^d 1857.

Col James A. Knicker.

Director of U. S. Mint.
Sir.

Since the coinage of the new cent has been authorized, we have in our business intercourse with the Banks of this City been frequently requested by them to obtain a supply of that coin for them when issued. In order to accomplish this we sent some weeks since \$1200. of the Spanish change, which we thought would be sufficient to supply them, so as to have it there when you should pay them out, not knowing but that you might do so without previous notice. I have find enclosed a paper which will explain to you the wishes of the Banks and our intention in the matter.

By your circular you require that the Spanish fractions should be done up in packages of \$5. or any multiple not exceeding 50. our coin is in two

bags of \$100. each, though as you require, it is all sorted of one kind, and selected, being free from cropped or defaced pieces; some which we have selected in the same way, run over two per cent the weight you require.

Our object in writing is to know if under the circumstances you will not do us the favor to receive our coin counted as it is, and thus save us the trouble and expense of having the coin returned here and done up in \$50. packages for each Bank, and forwarded again. We wish fully to comply with the regulations you have established, and as your object appears to be to prevent too many of the coin getting into the hands of one person, and to give them a general circulation, we think we are serving that purpose by distributing them among our Banks who have not the material necessary to obtain them.

Trusting that you will give us a favorable, and as early reply as your convenience will admit, we are,

Very Obedtly Yours.

William Loring
June 6, 1891

My dear Mr. Loring,

I have just received your letter of the 4th inst. and am glad to hear that you are well and happy. I am also well and hope these few lines will find you the same.

I have been thinking much of late about the future of the country and the people. It seems to me that we are in a very critical position and that the future of the country depends upon the wisdom and courage of the people.

I have been reading much of the history of the country and am struck by the fact that the people have always been the cause of the progress of the country. It is the duty of the people to take an active part in the government of the country and to make it what they desire.

Sir,

Referring to the application of the
Depositary at Cincinnati for a supply of the new cent
coin, I have to state that it will be convenient for us
to send him say \$200, in cents of the new issue, in the course
of a few days. I have therefore to request that you
will send me a draft for that amount on the Treasurer
of the United States in favor of the Depositary at Cincinnati,
payable in cents of the new issue.

I have the honor to be,

With great respect,

Your faithful servant,
James Ross Snowden
Director of the Mint

Hon. Howell Cobb,
Sec. of the Treasury,
Washington City.

To The Sec. of the Treasury

Requesting draft for
\$250 payable in
nin cents, in favor of
the Deputy at
Cincinnati

May 26. 1857.

To The Secretary of the Treasury

Increase of Salaries ~~to~~
to Clerks in the Treasurers
Office & Clerk to Asst.
Gen. & Co. S. - Inclose
letters on the subject &
call attention to my
letter of 19th inst. resp.
Mr. Breun

May 26. 1857.

May 26th 7.

Sir,

I herewith transmit to you a letter from the Treasurer of the Mint, and ex officio Asst. Treas. U. S. enclosing the application of Messrs. of the Clerks in the Mint, and the Clerk to the Asst. Treas. U. S. for an increase in their salaries.

For the reasons stated in their Communication I concur with the Treasurer in recommending the application to your favorable notice.

I beg also in the Commission to call your attention to my letter of the 19th inst recommending the appointment of Mr. Thomas H. Poore as Assistant Asst. Clerk; and to suggest that in case the salaries of the Clerks herein referred to be raised that Mr. Poore be placed on the rolls at the rate asked for by the other Clerks.

I have the honor to be
with great respect

Yours faithfully,
James A. [Signature]

Wm. Russell Cobb
Secretary of the Treasury
Washington D.C.

President of the United States
Philadelphia May 26th 1857.

I have the honor to enclose to you an application on behalf of several of my clerks for an increase of salary.

The reasons assigned by them are obvious and will strike the mind of the Secretary at once. The extreme high price of living, the highly responsible duties they have to perform, being in the receipt and payment of large quantities ^{of money}, with the calculations and accounts incident thereto, make it necessary that they should not only be competent to discharge their duties, but that their relations to society should be of a high order. But I will not enumerate to the Secretary, who is so competent to judge any further reasons; but hope he will see proper to comply with their request.

Very respectfully yours

Demas Huntington
(Treas.)

Wm. Howell Esq
Secy of the Treas.
Washington.

West of the United States, Philadelphia,
May, 1857.

Sir: The 13th Section of the Appropriation Bill passed April 4, 1854, (page 573, Vol. X of Little Brown's United States Statutes at Large,) contains the following provisions:

"Sec. 13. And be it further enacted, That the seventh section of the act of January 18, 1837, entitled 'An act supplementary to the act entitled 'An act establishing a mint, and regulating the coins of the United States,' be so amended as to extend the limit for the annual salary of clerks in the Mint of the United States, to \$1800 each, from and after the 1st of July, 1854, at the discretion of the officers authorized by law to appoint, with the approbation of the President of the United States, including also one clerk in the office of the Assistant Treasurer at Philadelphia, and that the salary of the Chief Clerk of the branch Mint at New Orleans shall be \$2200 from and after the first of July, 1854."

As the salary of the clerks of the Mint had always previously been as great as the limits authorized by Congress would allow, it was supposed that the above enactment would have secured the salary of \$1800 for each of the positions respectively occupied by as. Mr. Guthrie, however, then Secretary of the Treasury decided to raise the salary of but three clerkships in the Mint to \$1800, and to fix the salary of the positions occupied by us at \$1500.

view of what we believe to have been the rightful intention
expressed in the former grant; on consideration of
the fact that the duties discharged by us are of a
highly responsible character, involving as they do, accounts among
large amounts, and the actual receipt and disbursement of
large sums of money; and on consideration, too, of the fact
that a salary of at least \$1000, such in some instances
has, is paid to this, the discharge of these duties, but in
no other case is it reasonable in the government service
in this with other cases; as well as on account of the high
and increasing cost of almost every article of personal and
household expenditure in Philadelphia, we ~~earnestly~~ ~~earnestly~~
respectfully but earnestly request that you will place the
facts herein mentioned before the Secretary of the Treasury and
ask him to authorize the increase of our salaries to
\$1000 per annum, as provided or authorized by Congress.

Very Respectfully, Yours &c. &c. &c.
J. C. Feltwell, Clerk.

7.

✓ Sir,

It has been found necessary, for many years past to employ a competent person to assist the Director's Clerk in the performance of the clerical duties pertaining to the office. My predecessors considered the services of an Assistant to the Director's Clerk useful and indispensable, and my own experience has confirmed the propriety of his employment. — More especially, as within the last few years the duties of the Director have become greatly increased by the establishment of the Branch Mint at San Francisco and the new office at New-York, and by the legislation respecting the Silver Coinage, and the recent law relating to foreign coins and the coinage of Gold.

The gentleman who has been employed for several years past to assist the Director's Clerk is Mr. Thomas H. Green. He has charge, under my direction, of the duty of receiving the calculation of the value of each deposit of gold and silver; preparing the warrants for the payment of deposits, and for the payment of the ordinary expenses of the Mint;

Keeping the accounts of the requisitions when
are made to the Director from the Subordinate
Officers for supplies for their respective departments
of transport and generally to assist the Director's
Clerk in the performance of his clerical duties.
Heretofore Mr. Bacon has been paid com-
mentally pay roll at the rate of \$4.00 per
day. It seems to me proper that as he per-
forms clerical duties of an important and
indispensable nature, and with great skill
and accuracy, that he should be paid
on the footing of a Clerk, that is to say,
as the Director's Assistant Clerk. If you
concur in the propriety of that suggestion,
have to request that it be submitted to
the consideration of the President, as required
by the 3rd section of the act of March 3rd 1879
(Print pamphlet p. 11.)

If this recommendation is approved
I respectfully request that the salary of the
Assistant Clerk be fixed at \$7500. per
annum. The Director's act of May 4, 1879, is
at large, Vol. 10, p. 573. As Mr. Bacon's name
is now on the monthly pay roll at the
rate of \$1245. per annum, the arrangement
proposed will occasion but little addi-
tional expense.

I have the honor to be,
with great respect,
Your faithful servant,

James R. Chandler
Director of the Mint.

Hon. Homer Cobb,
Comptroller of the Treasury,
Washington City.

Utica May 20. '57

J. R. Snowden Esq.
Director of the Mint

Sir/

Your Circular of Apr. 27th was duly recd. and I have to day boxed up 5000. Cents which will leave here tomorrow by Express directed "U. S. Mint, Philadel-
-phia, from Utica (N. Y.) P. O."

Would it be incompatible with your duty to send one in return for the above, say one half in small silver change & the other half (\$25.) in the new Cents. I ask this simply because we have been deluged with Cents of the old Coinage to such an extent as to create Contempt for them in the public, and I should like in some way to bring about a differ

-ent state of feeling, and the
new Cent to be properly appre-
-ciated - I shall undoubtedly
have another Box to forward
soon and it will be a great
accommodation if I can get
a portion in small silver Change,

I observe in the Circular that
"The reasonable expenses of transpor-
-tation of the new Cent to points
accessible by R. Road & Steam Boat
will be paid by the Mint." Will
not the old Cent be treated in
the same kind manner on its
return home? I am sorry to
trouble you but I had supposed
that the old Cent was on the same
footing with the old silver coin
& transportation paid both ways
by the mint - The Circular leaves
me somewhat in doubt on
the point & I would take

it as a favour to be informed
whether the mint will in any
event pay transportation on the
old Cent when returned -

I am Sir, very Respectfully
Yours Obedt. Servt.

May 22, 1857.

May 22, 7.

Sir,

Your favor of the 20th and advising
me of your intention to forward to the Mint the rest
of \$50 in one cents, has been received.

As you are a Philadelpian I will
comply with your request in regard to having half
of the balance of the one cents sent there, but
to you in small silver coin.

In reply to your enquiry as to the
payment of the expense of transporting the one
cents to the Mint I have to state that the Treasury do not
in any case pay such expense.

Very respectfully,
Samuel R. Henderson,
Director of the Mint.

J. R. Snowden Esq.

Director &c. &c.

Sir,

The results of my assays of ingots for the new cent, have hitherto been so far satisfactory, as to enable me to report them for coinage; but to state the exact per-centage, both of copper and nickel, requires so much experimenting, not only upon the alloy itself, but upon the various reagents (so difficult to obtain pure and reliable,) that I have felt obliged to delay the statement required by the Regulations. It may be said, that no two analysts agree, as to the most satisfactory mode of testing this mixture of metals; and I have therefore been obliged, in a good degree, to feel my own way. However, I shall shortly be able to give you a definite numerical statement of results, from the beginning of ^{the} operations; and to continue the same weekly, as you require.

Very respectfully
J. R. Eckfeldt
Assayer.

in relation to it I shall
feel greatly indebted to you

I am

Dear Sir

faithfully yours

Henry Looby

224 Wooster St. N. Y.

17th May 1851

Dr R. M. Patterson

U. S. Mint

Philadelphia

—

To Dr R. M. Patterson

Dear Sir

I have received a letter from an old friend of mine who is at the head of the Coinage department of the Royal Mint

He thinks that a Gentleman connected with the U. S. Mint was sent to England 4 or 5 years ago making enquiries about a machine for weighing single Coins which is in use in the Bank of England, & that he made a report against its adoption in the American Mint. My

Mints of the United States

Philad^a 23 May 1856.

Dear Sir,

I have much pleasure in replying to your request for information relative to what inquiries and opinions have been formed by us relative to the machine in use at the Bank of Eng^l for sorting coins.

Your correspondent is in error so far as relates to the supposed examination of the machine by any person connected with this Mint. The facts are these. Enquiries were instituted by the Chief Coiner of our Mint, through the agency of friends in London, relative to the machine in the Bank, and the answers were such as to induce his abandonment of a desire to import them for use in the U. S. Mint for reasons which may be briefly stated as follows:

1. The cost of construction
2. The heavy fee charged for the use of the patent-right
3. "The machines were not very satisfactory in their operation"

Our Chief-Coiner adds his conviction that the problem of sorting coins by a weighing machine is a very difficult one, and involves so high a degree of mechanical skill in the superintendent and manipulators, that it is doubtful whether it can ever be practically useful, or its results mixed with that gross dependence that is essential in such operations?

It has been the practice at this Mint, ever since its organization to weigh each gold coin separately, and, by filing, adjust its weight to the legal limit. The operation is conducted, at present, by females, and with great satisfaction. The adjustment, after some practice, is so rapidly effected that we are not disposed to pursue any further researches for labor-saving machines. The latter might secure the certainty of an average uniformity of

weight. By our own method of procedure we assure accuracy as well in the
single pieces as in the average of a great number.

Very sincerely,

Yours &c.

R. M. Patterson,
Director.

Philad.^a May 18, 1857.

Sir,

A few weeks since, a balance and set of weights, was, at the suggestion of the Secretary of the Treasury, sent from Your Office to Mr. Croemer of this City for examination and his opinion as to whether they were worthy of repair. To-day I learn from Mr. Croemer that the balance and weights referred to cannot be repaired so as to be suitable for accurate weighing of coin. - He thinks they might be sold for \$10 or \$20. - Be pleased to advise me whether I shall cause them to be sent to You or disposed of as suggested by Mr. Croemer.

I have the honor to be,
With great respect,
Yours ob^t. serv^t.
Samuel Roper Snowden.

Requesting
Statements for Annual
Report

May 19, 1887,

19th May 7.

Sir:

I am required by the Act of February 21. 1857. to hereafter make my Annual report up to the 30th of June in each year. You will please therefore send me a Statement of the operations of the institution under your charge for the year ending June 30. 1857. as soon thereafter as convenient. Please cause the Statement to be so prepared as to show your operations during each month of the year.

As a matter of public information, I will form an important and interesting item in my Annual reports to state as definitely as possible, what amount of Spanish and Mexican Silver change has been withdrawn from our currency, and received for coinage, under the operation of the new law. The disengiting of these coins, (in anticipation of the passage of that law) began one or two weeks after the first day of the present year; so that it will be very convenient to make the date to commence with the year in preparing the Statement.

I have therefore to request that you will cause the Treasurer of your institution to take particular note of such deposits at the same, and send

me a statement thereof, at the close of the month
of June next. In cases where the deposits
are mixed with other coin, it will not be
necessary to take the trouble to separate them
for this purpose; the weighing clerk after some
inspection, will be able to make an estimate
of the proportion, and ^{will} make a note thereof
in the weigh book.

Very respectfully,

Your obt. servt.

Samuel R. Snowden
Director of the Mint

Saml. H. Butterworth Esq.,
Capt. U. S. Artillery Office,
New York.

19th May. 7.

Dear Sir,

I am acquainted by the Act of 1857.
to be required to make my Annual Report up to the 30th
of June in each Year. You will please therefore
to send me a Statement of the Operations of your
branch for the Year ending June 30, 1857,
and also thereafter as it may be convenient. Please
cause the Statement to be so prepared as to exhibit
your operations during each Month of the Year.

Very respectfully,
Samuel R. Snowden
Director of the Mint.

Lt. Governor Esq.
Supt. of the Mint,
Charlotte,
N.C.

19th May 7

I am required by the act of Oct. 31. 1857, to hereafter make my Annual Report up to the 30th of June in each year. You will please therefore to send me a Statement of the operations of your branch (must for the year ending June 30. 1857, as soon thereafter as may be convenient. Please cause the Statement to be so prepared as to exhibit your operations during each month of the year.

As a matter of public information, it will form an important and interesting item in my Annual Report to state as definitely as possible, what amount of Spanish & Mexican Silver change has been withdrawn from our currency, and secured for coinage, under the operation of the new law. The minting of these coins, (in anticipation of the passage of that law) began only two or three weeks after the first day of the present year, & that I will be very convenient to make the date to commence with the year in preparing the Statement.

I have therefore to request that you will, when the purchase of Silver is resumed at your branch of the mint, cause your Treasurer to take particular

and of such a quality for change, and that the
valuable things at the close of the war
of some sort. It was seen that the people were
burdened with other coin, (I will not be so saying to
take the trouble to separate them for the purpose
the weighing them after some inspection, and
be able to make an estimate of the population,
and make a note thereof in the high book

Very respectfully,

James C. F. Smith
Director of the School

Charles Finnan Esq,
Chaplain of the
New Orleans
La.

19th May.

7.

Sir,

I am required by the act of 21. 1857.
to hereafter make my Annual report up to the 30th of
June in each year. You will please therefore to send
me a statement of the operations of your branch Mount
for the year ending June 30th 1857, as soon thereafter
as may be convenient. I shall cause the statement
to be by you paid, and to exhibit your operations during
each month of the year.

I am very respectfully,
Yours R. H. Howdens.
Director of the Mint.

you are about prepared
to issue the new Cent.
Don't forget us, early - as
we would like to show
them, and distribute them
to our people. Inform us
how to pay and we will
send through our Clerk &c.

Truly Yours

G. Sanderson

Mint of the United States.
Phila^a May 6, 1857.

Dear Sir:

I have to acknowledge your
favor of the 4th inst.

By reference to my circular of
the 27th ult. You will see that the exchange
of the new cent, for the present, will only be made
for the old Spanish and Mexican silver coins and
copper cents of the old issue, and not for the
gold and silver coins of the U. States. It will be
necessary, therefore, for you to send to the Mint
old ^{Spanish} silver coin or copper cents of the old issue, in
order to obtain the new cent. The exchange can be
had effected through the Agency of an Express
company.

Very respectfully, Yours,

James R. Snowden.
Director of the Mint.

James Ross London, Esq., Cashier.
Dear Sir, Director of the Bank

I have received your favor of the inst.,
with inclosure as stated. I inclose as stated below.

Very Respectfully, Yours,

Wm. D. Bell Cashier.
On the 21st day of April I forwarded to you
a bag containing our Quarterly Hefth, your Colliery
in Spanish Corn, As the amount is greater than is
allowed and not done up in packets or callon for
by your circular I presume it will be necessary
to recall it. Will you therefore please hand the
same to Wm. McInnis Esq & I will write to him in
relation thereto.

The above deposit is in Mr
Bells hands with whom Mr
McInnis will arrange respecting
it.

Mint of the United States.

Philadelphia, May 21st 1857.

Regulations respecting the receipt of Spanish and Mexican Silver coin and old copper cents, in exchange for the new cents, (reference being also had to the general regulations heretofore adopted and to the Directors Circular of the 27th ult^o.)

The Treasurer will supply the "cent house", from day to day, with such an amount of cents as may be required.

A memorandum or statement will be kept, showing the amount thus transferred on each day. At the close of the business of the day he will verify the amount of Silver and copper coins received in exchange for the new issues, ~~and~~ in such manner as may be most convenient, and compare the amounts received with the sums which have been paid out. The new cents on hand in the "cent house" will be returned to the vault, so that an account may be kept of each days transactions. A memorandum book will be kept showing the nominal value and denomination of the Silver coins received.

A memorandum will also be kept showing the nominal value of each parcel of old cents received.

At the close of each day the aggregate amount of Silver and copper coins received will be weighed, and the results compared with the memorandum book kept in

The "Cent House"

The denominations of Silver coins will be kept separate, in all the different weighings, and will be deposited by the Treasurer in the same manner, and be separately melted and reported upon by the Assayer.

The Treasurers clerks will render such assistance to the Treasurer in the performance of the duties in question as may be required of them.

At the "Cent House" the Treasurer will also be assisted by the following persons, viz: Mr. John J. Griffith, who will have the general charge of the receipts and payments, and the keeping of the memorandum Books. He will be designated as Supervisor. Mr. John McCombs will act as Assistant to Mr. Griffith generally, and have special charge of the receipts of the Copper cents and the payments therefor, and Mr. William Severing and Mr. Jacob Arie will be detailed for duty as "helpers" in receiving and weighing the old coin and in paying out the new cents.

Regulations Respecting
the Receipt of Spanish
& Mexican Coin and
old cents in exchange
for new cent
